SUBJECT INDEX

Entries with pages in Roman type appear in this volume; *entries with data in Italic type appear in Pediatrics in Review.*

Abdomen
  chronic pain, *PIR8:143, 86–87*
  pain, irritable bowel syndrome, *PIR8:143, 86–87*
Abuse
  child
    changing spectrum (letter), 715, 716
    Munchausen syndrome by proxy, cystic fibrosis and, 621
    oral and dental aspects (committee statement), 537
    prevention, nurse home visitation, 65
    Shigella and (letter), 953
    violent death in a metropolitan county, 1013
  sexual
    boys, 133
    forensic evaluation, 385
    perineal lacerations, toluidine blue in, 1039
    prevention, developmental approach to, 1034
    recognition, *PIR8:25, 86–87*
  substance, teenagers (letter), 716
Academic performance, early childhood otitis media and, 423
Accidents
  all-terrain vehicle
  head injuries and, 933
  safety and (letter), 1169
  automobile
    child restraint law and, New Mexico, 1079
    safety seats and, 662
  choking, first aid (committee statement), 177
  nuclear, implications for pediatricians (letter), 1166
  prevention
    home infant cardiorespiratory monitors and, 775
Acidosis, hepatic portal venous gas and, necrotizing enterocolitis, indications for surgery, 273
Aciduria
  dicarboxylic, familial hypercholesterolemia, 338
  methylmalonic, vitamin B_{12} metabolism and, 51
Acquired immune deficiency syndrome
  Kinshasa, Zaire, 673
  neurologic manifestations, 678
Adactylia, dominantly inherited, twins, 103
Adaptation, pediatric education and, 431
Adenocortical tumors, virilizing (letter), 547
Adolescents
  black teenage fathers, 151
  bulimia, death due to ipecac syrup, 412
  hematospermia in, 708
  high-risk, excessive school absence, 313
  mothering, interactions with 1-year-old children, 585
  pregnancy and physical maturity, 31
  sexuality, contraception and the media (committee statement), 535
  steroid abuse (letter), 186
  substance abuse (letter), 716
  tuberculosis, 399
  vertebral artery dissection, alternating hemiparesis and, 610
AIDS, *see* Acquired immune deficiency syndrome
Alcohol
  consumption
    maternal, fetal alcohol syndrome and, *PIR8:123, 86–87*
    maternal, infant development and, 444
  drugs and, head injuries (letter), 1169
Allergen, epicutaneous test, 1071
Allergy, cow's milk, insomnia and (letter), 378
Aluminum
  toxicity
    infants and children (committee statement), 1150
    intraperitoneal desferrioxamine treatment, 651
Ambulatory care, economically disadvantaged children, 813
American Academy of Pediatrics
  Committee statements
    Committee on Accident and Poison Prevention: Revised first aid for the choking child, 177
    Committee on Adolescence: Sexuality, contraception, and the media, 535
    Committee on Children with Disabilities: Transition of severely disabled children from hospital or chronic care facilities to the community, 531
    Committee on Children with Disabilities: Screening for developmental disabilities, 526
    Committee on Children with Disabilities: Role of the pediatrician in prevocational and vocational education of children and adolescents with developmental disabilities, 529
    Committee on Early Childhood, Adoption, and Dependent Care: Missing children, 370
    Committee on Early Childhood, Adoption, and Dependent Care: Oral and dental aspects of child abuse and neglect, 537
    Committee on Fetus and Newborn: Use and abuse of the Apgar score, 1148
    Committee on Hospital Care: Guidelines for air and ground transportation of pediatric patients, 943
    Committee on Nutrition: Prudent life-style for children: Dietary fat and cholesterol, 521
    Committee on Nutrition: Aluminum toxicity in infants and children, 1150
    Task Force on Infant Mortality: Statement on Infant Mortality, 1155
American Board of Pediatrics
  candidates certified, 187, 382, 549, 1167
American Occupational Therapy Association (letter), 184
Amygdalin, poisoning, nitrite therapy, 269
Amyotrophy, asthmatic, steroids and, 121
Anaphylaxis, insect sting, *PIR8:5, 86–87*
Anemia
  screening for (commentary), 368
  screening test, capillary microhematocrit, 206
Antacid, gastric acidity and, infants with gastroesophageal reflux, 55
Antibiotics
  meningitis
    bacterial, treatment sequelae, 21
    therapy (supplement), 972
Antibody
  maternal thyroid, transient neonatal athyreosis, 287
  transplacental transfer, pemphigus vulgaris, 1102
Antigen, capsular, detection of lower respiratory tract infection, 1
α_1-Antitrypsin, fecal excretion, milk, 305

Anxiety, mothers, home monitoring and, 780
Apgar score, use and abuse (committee statement), 1148
Apnea
  cardiorespiratory patterns, respiratory tract infection recovery, 37
  infancy
    cardiorespiratory home monitors and, 775
    smoking and caffeine effects, 159
    syndrome, cerebrospinal fluid endorphins, 233
  myelomeningocele and, absent hypoxic and hypercapneic arousal in, 44
Apolipoprotein A-1, biracial children, 189
Apolipoprotein B, biracial children, 189
Arousal response, hypoxic and hypercapneic, myelomeningocele and apnea, 44
Arthritis
  juvenile rheumatoid, rheumatoid factor in diagnosis, 480
  suppurative, sickle cell disease and, 1090
Ascites, premature infants, intravenous vitamin E preparation and, 591
Aspiration, earring, 494
Aspirin, vertebral artery dissection, alternating hemiparesis and, adolescent, 610
Asthma
  comprehensive care, hospitalization and (letter), 542
  tetraplegia following, steroid-induced, 121
  theophylline use in, behavior abnormalities and poor school performance with, 1133
Ataxia, cerebellar, *PIR8:69, 86–87*
Atherosclerosis, young men, lipoproteins in progeny of, 330
Auricle, congenital deformities, splinting in neonatal period, 406
Autoimmune disease, neonatal, 1102
Automobile accidents, *see* Accidents

Baby powder, hazards (letter), 546
Bacteria, antigen detection, lower respiratory tract infections, 1
Bed-wetting, nocturnal bladder control, age of attainment, 884
Bee, sting, *PIR8:5, 86–87*
Behavior
  aspects of health promotion, *PIR8:133, 86–87*
  difficult child
    clinical measurement, *PIR8:35, 86–87*
    commentary, *PIR8:35, 86–87*
  poor school performance and, theophylline effects, 1133
  problems
    head trauma and, 497
    parental, *PIR8:169, 86–87*
Behavioral care, individualized, very low birth weight preterm infant, 1123
Benzyl alcohol, toxicity, doxapram and (letter), 540
Biliary atresia
  liver transplantation, evaluation of pediatric patient for, 559
  pathogenesis of (letter), 182
Bilirubin, serum levels, newborn, breast-feeding and, 837
Bioethics, human rights consultation, 566
Birth weight
  duration of breast-feeding and, 656
  extremely low, neonatal mortality rates and, 850
  low
    individualized behavioral care, 1123
    vital records and infant mortality (commentary), 1143
  standardized increments, neonatal mortality data and, 144
Bladder, nocturnal control, age of attainment, 884
Blood flow, brain death determination, 107
Blood gas, transcutaneous carbon dioxide tension, newborn infants, 631
Blood pressure, acute elevation, chronic hypertension, minoxidil and, 861
Bone age, sickle cell disease and, 124
Bone marrow, transplantation, acute leukemia and Down syndrome, 688
Bowel, irritable syndrome, *PIR8:143, 86–87*
Brain death, determination, pediatric intensive care unit, 107
Brainstem, auditory response, high-risk infants, 417
Breast, development, variations in sexual development, *PIR8:47, 86–87*
Breast-feeding
  bilirubin levels and, newborn, 837
  duration, birth weight and, 656
  early termination, urban population, 210
  protection against infections and, 896
  twins, *PIR8:81, 86–87*
Breathing
  full-term infants, sudden infant death syndrome, 787
  periodic, respiratory tract infection recovery, 37
  rhythm, self-regulation, premature infants, 855
Bronchopulmonary dysplasia
  hypochloremia and (letter), 1172
  pulse oximetry advantages, 844
  very low birth weight preterm infant at risk for, individualized care, neonatal intensive care unit, 1123
Burns, electrical, home infant cardiorespiratory monitors and, 775

Caffeine, maternal, infantile apnea and, 159
Calcium
  dietary intake, blood lead levels and, 257
  ionized, cardiac function and electrocardiogram, preterm infants (letter), 541
Calorimetry, premature infant, radiant warmer, 465
Cancer
  genetic aspects, *PIR8:153, 86–87*
  metastatic, spinal cord disease and, 438
Candida
  fungal sepsis, very low birth weight infant, 225
  trichomonas, child and adolescent, *PIR8:12, 86–87*

respiratory distress syndrome, male and female deaths due to, 238
retinopathy and (letter), 1171
self-regulation of stimulation, 855
standardized birth weight increments, neonatal mortality data and, 144
very low birth weight infant
fat emulsion tolerance in, 79
insulin pump therapy, 625
Pressure
continuous positive airway, obstructive sleep apnea syndrome, 797
intracranial, increased, galactosemia, computed tomography in, 606
intraluminal peak, gastrointestinal motility, preterm infants, 1106
Prolactin, metoclopramide stimulation of, mothers of premature infants, 614
Prophylaxis, *Haemophilus influenzae* type b, day care, 15
Proteus syndrome, pleiotropy versus heterogeneity (letter), 544
Pseudohypoaldosteronism, prospective diagnosis, 516
Pseudomonas aeruginosa folliculitis, *PIR8:165, 86–87*
Psychopathology, primary care pediatrics and, 1044

Psychosocial child health, pediatric education and, 431
Psychosomatic symptoms, school refusal, *PIR8:99, 86–87*
Puberty, premature, variations in sexual development, *PIR8:47, 86–87*
Pulmonary abscess, concealed, computed tomography, 283
Pyridoxal 5′-phosphate, levels, cystic fibrosis, 278

Radiant warmer, premature infant, energy metabolism and substrates in, 465
Radioenzymatic technique, vitamin B_6 levels, cystic fibrosis, 278
Radiologic evaluation, ultrasonography, urinary tract infection, 58
Rape, perineal lacerations, toluidine blue in, 1039
Refugee, Southeast Asian, development in, 323
Rehospitalization, secular changes, low birth weight infants, 164
Resins, bile acid-binding, familiar hypercholesterolemia, 338
Respiratory distress syndrome
  computer-assisted management, neonate, 139
  male and female discordance in deaths due to, 238
Respiratory failure
  neonatal, extracorporeal membrane oxygenation, 699
  without hyperventilation, infant (letter), 379
Respiratory infection
  bacterial antigen detection, 1
  recovery from, cardiorespiratory patterns, 37
Retardation, mental, selective screening for early detection in infants, 1021
Retina, vitamin E and, infants, 866
Retinopathy, iron, prematurity and (letter), 1171
Reye syndrome, complication of varicella (supplement), 728
Rheumatoid factor, diagnosis, juvenile rheumatoid arthritis, 480
Rhizopus oryzae, zygomycotic cellulitis, neonatal, 100
Roentgenography, extremity injuries and, 803

Safety
  product, baby walkers, 488
  school bus, seat belts and, 928
Safety seat, automobile, preventing injuries and, 662
Sarcoid arthropathy, colchicine therapy in (letter), 717
School
  academic performance, early childhood otitis media and, 423
  excessive absence, high-risk adolescence, 313
  refusal and avoidance, *PIR8:99, 86–87*
  resistance, vulnerable child syndrome, *PIR8:75, 86–87*
School bus, safety, seat belts and, 928
Seat belts
  contamination and cleaning, 113
  school buses, 928
Seizures
  cerebral cysticercosis, treatment with praziquantel, 291
  nonfebrile, *PIR8:185, 86–87*
Sella turcica, growth hormone deficiency, computed tomography and, 601
Separation anxiety, school refusal, *PIR8:99, 86–87*
Sepsis
  fungal, very low birth weight infant, 225
  Gram-negative, cancer patients, trimethoprim/sulfamethoxazole failure in, 719
  polymicrobial bacterial, cystic fibrosis and, 1097
Sexual abuse
  boys, 133
  developmental approach to prevention, 1034
  forensic evaluation, 385
  perineal lacerations, toluidine blue in, 1039
  recognition, *PIR8:25, 86–87*
Sexual development, normal variations, *PIR8:47, 86–87*
Shigella, child abuse and (letter), 953
Sibling, death, grief reaction, 485
Sickle cell disease
  anemia, prepubertal growth and skeletal maturation in, 124
  osteoarticular infection and, 1090
Silastic catheter, newborn, 245
Sirenomelia, pathogenic mechanism, 451
Sleep
  problems
    overinterpretation (letter), 548
    twins, *PIR8:81, 86–87*
    vulnerable child syndrome, *PIR8:75, 86–87*
  sudden infant death syndrome, sibling histories, 146
Smoking, maternal, infantile apnea and, 159
Snoring, nasal continuous positive airway pressure, obstructive sleep apnea syndrome, 797
Soy protein, formula, iron in, 640
Spinal cord, compression, systemic cancer and, 438
Spinal cord disease
  magnetic resonance imaging, 251
  systemic cancer and, 438
Spleen, trauma, 576
Sports
  girls on boys' teams (letter), 718
  team physicians (commentary), 941
Status asthmaticus, tetraplegia following, steroid-induced, 121
Steroids
  abuse, adolescents (letter), 186
  therapy, idiopathic fibrosis, retroperitoneum and mediastinum, 936
Stimulation, self-regulation, premature infants, 855
Substance abuse
  alcohol, head injuries (letter), 1169
  teenagers (letter), 716
Sudden infant death syndrome
  cardiorespiratory function, full-term infants, 787
  cardiorespiratory patterns, respiratory tract infection recovery, 37
  cerebrospinal fluid endorphins, 233
  sibling
    grief, 485
    histories, 146
  statistics and (letter), 956
Sunburn, methotrexate use and, 514
Survival, child, commentary, *PIR8:163, 86–87*
Sweating, sudden infant death syndrome and, sibling histories, 146
Syncope, swallowing, child, 507
Syndromes, cancer and, *PIR8:153, 86–87*

Teenager, *see* Adolescents
Temperament
  difficult, *PIR8:35, 86–87*
  lead levels and, 891
Teratogen-alcohol, fetal alcohol syndrome, *PIR8:123, 86–87*
Teratogenesis, vascular steal, 451
Theophylline, behavioral abnormalities and, 1133
Thermoregulation, premature infant, energy metabolism and substrates in, 465
Thumb sucking, aversive taste treatment, 174
Thyroid hormone, resistance, familial partial peripheral and pituitary, 1114
Thyrotoxicosis, familial partial peripheral, pituitary and, 1114
Tick, removal, variation in (letter), 378
Tocolysis, hyaline membrane disease, ritodrine and betamethasone, 767
α-Tocopherol, levels, eye tissue, 866
Trace minerals, overdose, *PIR8:20, 86–87*
Trachea, meconium suctioning from, 713
Tracheobronchitis, necrotizing (letter), 1167
Tracheostomy, obstructive sleep apnea syndrome, alternative treatment with continuous positive airway pressure, 797
Transcutaneous monitoring, bronchopulmonary dysplasia, infants, 844
Transplantation
  bone marrow, acute leukemia and Down syndrome, 688
  liver, evaluation of pediatric patient for, 559
Trauma
  head, morbidity in children, 497
  see also Injury
Trimethoprim/sulfamethoxazole, gram-negative sepsis, pediatric cancer patients (letter), 719
Tuberculosis, adolescent, 399
Tumor, adenocortical, virilizing (letter), 547
Twins
  adactylia, inheritance, 103
  counseling families of, *PIR8:81, 86–87*
  sudden infant death syndrome and, 146

Ultrasonography
  cranial, cerebral palsy, premature infants, 88

renal
urinary tract abnormalities, 879
urinary tract infections, 58, 871
splenic trauma, 576
Urinalysis, fungal colonization, very low birth weight infant, 225
Urinary calculi, cystinosis, without renal tubular acidosis, 295
Urinary tract
infection
incidence in circumcised male infants, 96
renal ultrasound and, 58, 871
Urine specific gravity, indicator of necrotizing enterocolitis (letter), 1173
Urolithiasis, cystinosis, without renal tubular acidosis, 295

Vaccine
combination of measles, mumps, and rubella (supplement), 742
varicella
healthy children and adults (supplement), 748
live attenuated, immunocompromised patients (supplement), 757
varicella (editorial), 705
Vaginal discharge, sexual abuse and, *PIR8:25, 86–87*
Vaginitis, child and adolescent, *PIR8:12, 86–87*
Varicella
complications
costs and (supplement), 728
population-based studies (supplement), 723
vaccine
combination of measles, mumps, and rubella (supplement), 742
healthy children and adults (supplement), 748
live attenuated, immunocompromised patients (supplement), 757
vaccine (editorial), 705
vaccine (supplement), 721, 736
Vascular disruption, congenital microcephaly due to, in utero documentation, 85
Vascular steal, sirenomelia, visceral and soft tissues, 451
Venereal disease
sexual abuse and, boys, 133
vulvovaginitis, child and adolescent, *PIR8:12, 86–87*
Venom, immunotherapy, *PIR8:5, 86–87*
Ventilation, mechanical, computer-assisted management, neonatal, 139
Vertebral artery, dissection, alternative hemiparesis and, adolescent, 610
Violence, community, patterns in children, 1013
Virus
see also specific virus
respiratory tract infections, bacterial antigen detection, 1
Vital statistics, annual summary, 983
Vitamin B_6, levels, cystic fibrosis, 278
Vitamin B_{12}, metabolism, methylmalonic aciduria, 51
Vitamin D, 1,25 dihydroxy-, parathyroid hormone interactions, 1139
Vitamin E
intravenous, premature infants, illness with fatalities due to, 591
problems (letter), 376
serum, retinal, choroidal concentrations, infants, 866
Vitamins, overdose, *PIR8:20, 86–87*
Vulnerable child syndrome, *PIR8:75, 86–87*
Vulvitis, child and adolescent, *PIR8:12, 86–87*

Walker, baby, patterns of use and injury, 488
Wasp, sting, *PIR8:5, 86–87*
Weber-Christian syndrome, early-onset, recurrent pneumonia and, pathogenesis, 115
Women, older primiparous, alcohol consumption in, infant development and, 444

Zygomycotic cellulitis, necrotizing, neonatal, 100
